100 BITS = \$1

1,000 BITS = \$10

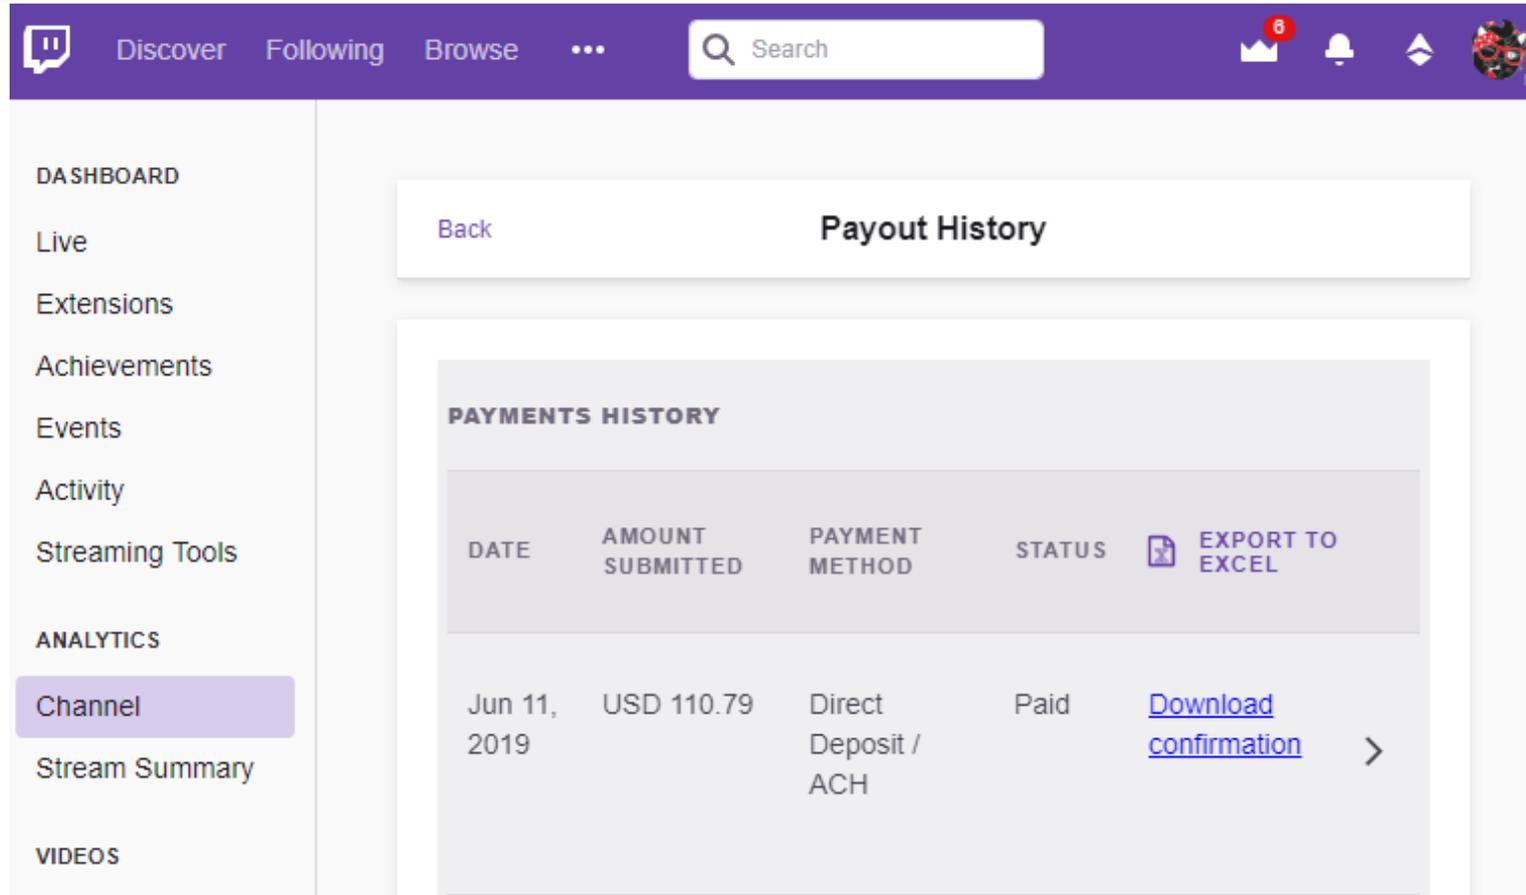

50% to 70%

BASED ON YOUR SUBS NUMBERS

+ DONATIONS!

[@DisquisedToast](#) has just over 800,000 followers on Twitch and regularly hits **10,000 concurrent viewers** in his streams. He pulls in **around \$20,000 per month** in what he calls a “base salary,” plus he makes money from sponsorships and brand deals.

HERE'S HOW MUCH WE MAKE WITH 50 TO 100 VIEWERS EACH WEEK

The screenshot shows a Twitch dashboard with a purple header. The navigation bar includes 'Discover', 'Following', 'Browse', a search bar, and notification icons. The left sidebar lists 'DASHBOARD' (Live, Extensions, Achievements, Events, Activity, Streaming Tools), 'ANALYTICS' (Channel, Stream Summary), and 'VIDEOS'. The main content area is titled 'Payout History' and contains a 'PAYMENTS HISTORY' table with one entry: Jun 11, 2019, USD 110.79, Direct Deposit / ACH, Paid, with a 'Download confirmation' link.

DATE	AMOUNT SUBMITTED	PAYMENT METHOD	STATUS	EXPORT TO EXCEL
Jun 11, 2019	USD 110.79	Direct Deposit / ACH	Paid	Download confirmation

\$100 PER MONTH / 7 PEOPLE = \$14.00 PER MONTH

ARE YOU READY TO STREAM!

CHOOSE YOUR VIDEO ENCODER / PRODUCTION SOFTWARE

I RECOMMEND OBS IT'S LESS BUGGY– BUT STREAM LABS IS EASIER WITH FREE ALERTS / THEME PACKS

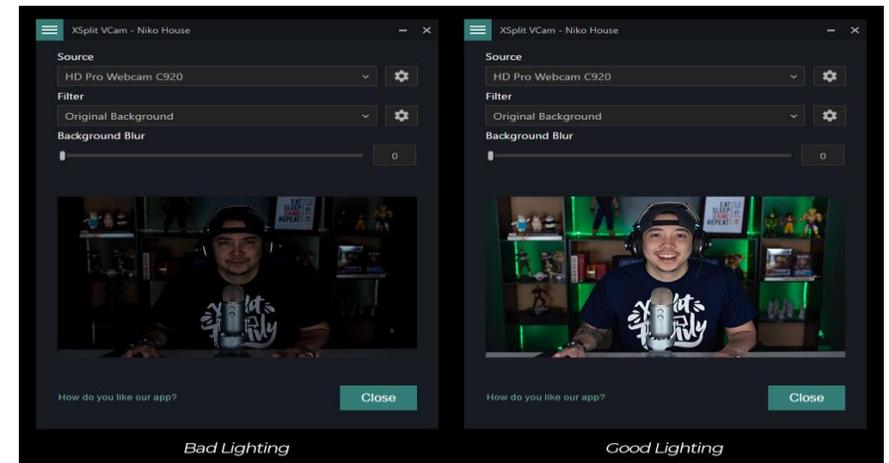

OBS – OPEN BROADCASTER – LESS BUGGY

OBS – STREAM LABS FORK | “EASIER SETUP”

VMIX – “REMOTE GUESTS” / CHURCHES / “MORE TRADITIONAL”

XSPLIT – I’M NOT A FAN – I’M SORRY XSPLIT FANS

WHAT'S OBS (OPEN BROADCASTING SOFTWARE)

<https://obsproject.com>

The image shows a screenshot of the OBS Studio interface. The main window is divided into two large preview areas: the left one is labeled 'PREVIEW SCREEN' in yellow, and the right one is labeled 'LIVE OUTPUT SCREEN' in red. Both screens show a game scene from 'Stoney Racing' with a player's avatar and a score of 1,347,620. Below the preview screens are several control panels: 'Scenes' (with a list of scenes), 'Sources' (with a list of sources like 'Lower Third Text', 'Lower Third', and '20X ZCAM'), 'Mixer' (with audio levels for Desktop Audio, Mic/Aux, and 20X ZCAM), 'Scene Transitions' (with a dropdown menu), and 'Controls' (with buttons for Start Streaming, Start Recording, Studio Mode, Stop, and Exit). Blue arrows point from text labels to specific parts of the interface: 'Configure Settings' points to the top menu bar; 'Sources Area' points to the Sources panel; 'Scenes Area' points to the Scenes panel; 'Add a Scene' points to the plus icon in the Scenes panel; 'Add a Source' points to the plus icon in the Sources panel; 'Up/Down Source Layer' points to the up and down arrows in the Sources panel; and 'Enable Studio Mode' points to the Studio Mode button in the Controls panel.

\$90 PUSH BUTTON
ENCODER

STREAMING REQUIREMENTS

SET THIS IN THE “SETTINGS” OF OBS IN THE “ENCODER” SECTION

BIT RATE – 3000 to 6000 kbps (RECOMMEND 3000)

Think of bitrate as the amount paint you put on a canvas. Lower your bit rate if viewers have trouble viewing your stream.

RESOLUTION - 1080p 60fps (RECOMMEND 30fps)

Think of resolution like the canvas size

KEYFRAME INTERVAL – 2 Secs (RECOMMEND 2)

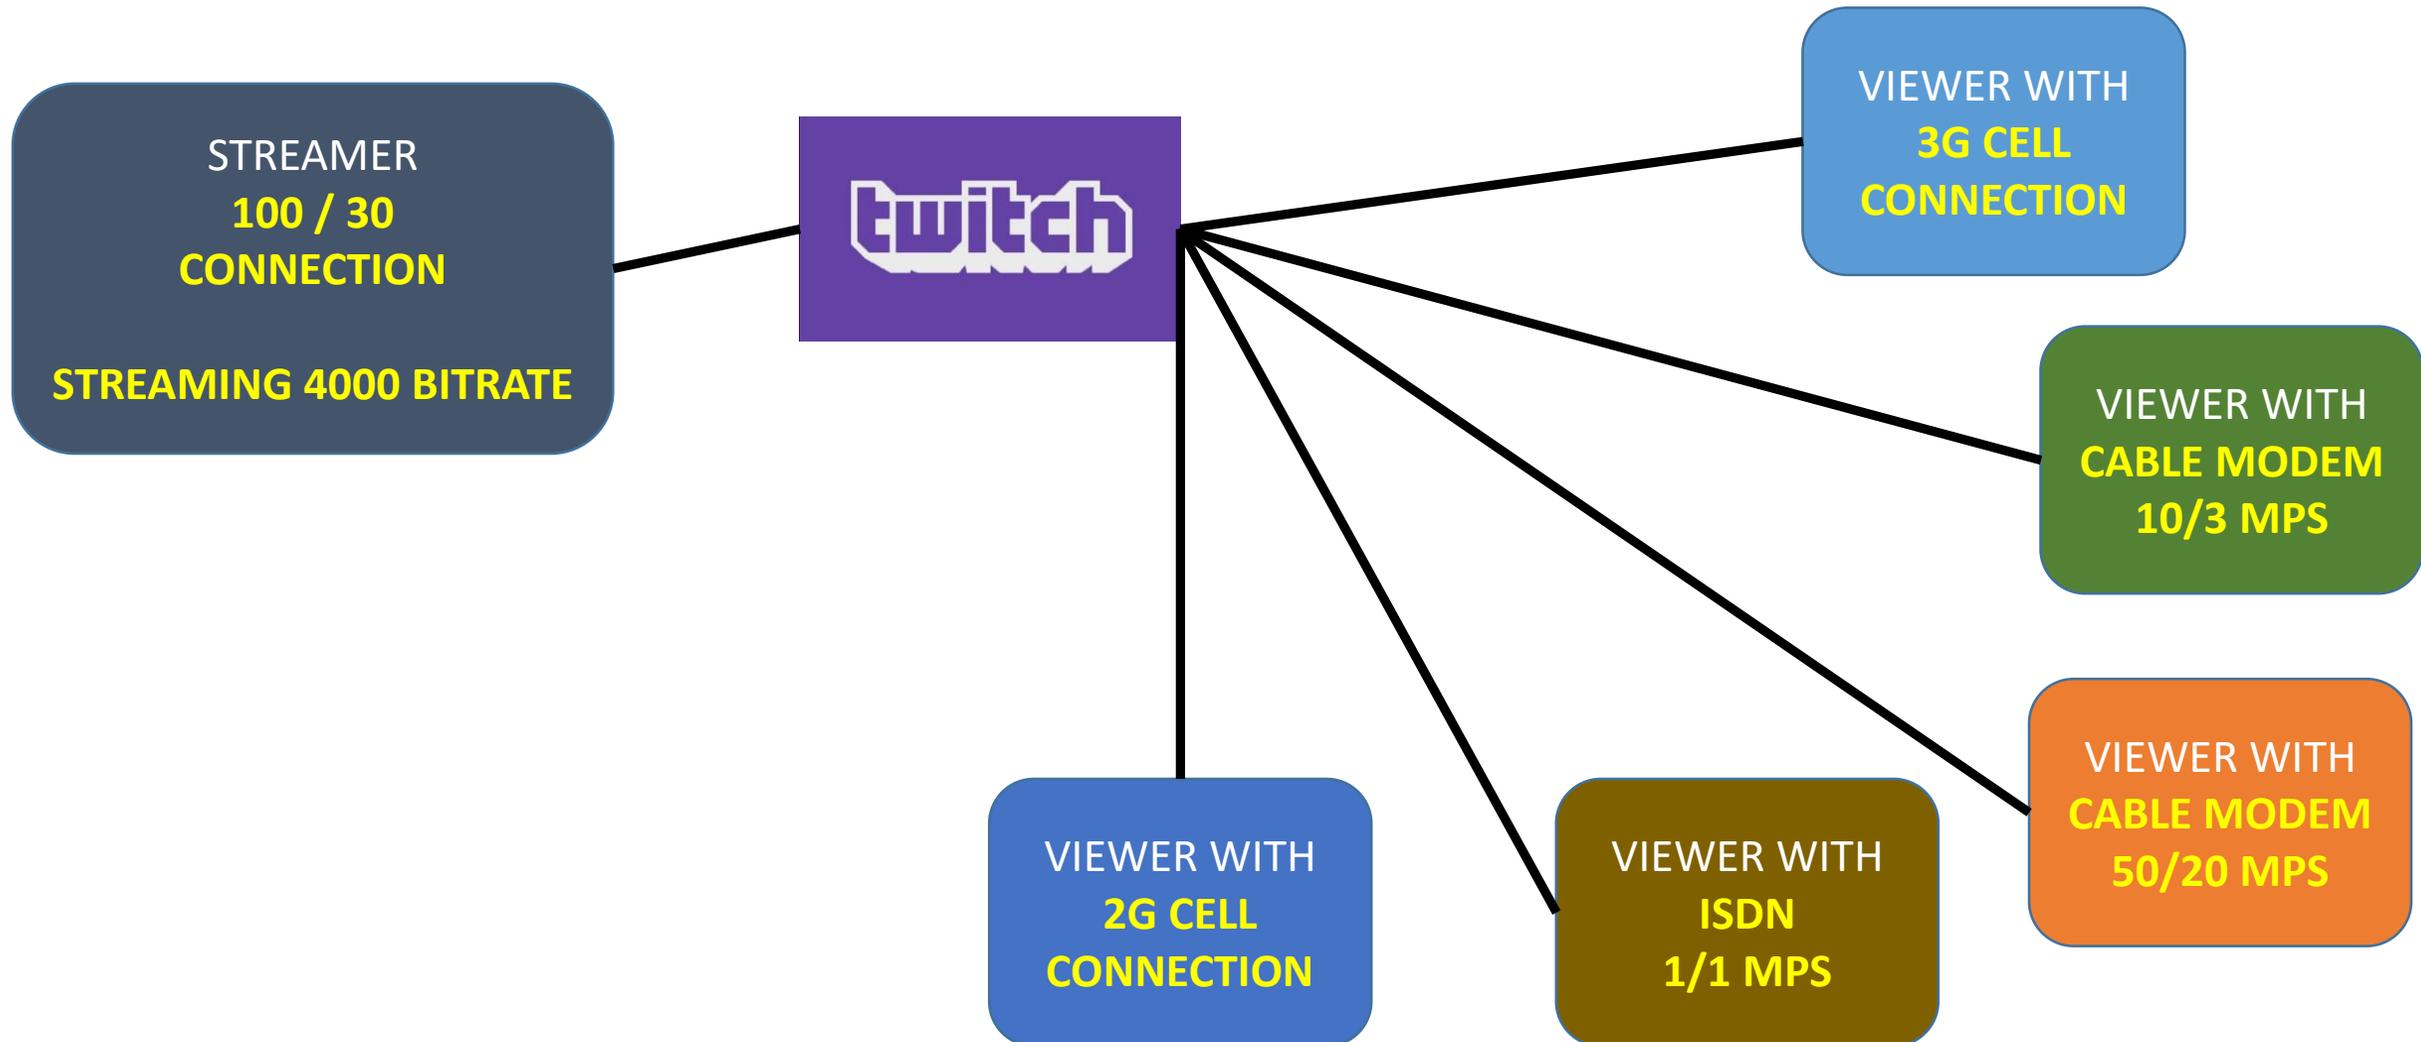

Having a keyframe interval of 2 means that it takes at most 2 seconds for the viewers to start watching stream.

MY INTERNET IS LIT AND MY PC IS KILLER SO WHY
SHOULD I TURN DOWN MY BIT RATE IN MY OBS ENCODER?

BECAUSE MOST PEOPLE ON THE INTERNET
ARE NOT AS AWESOME AS YOU!

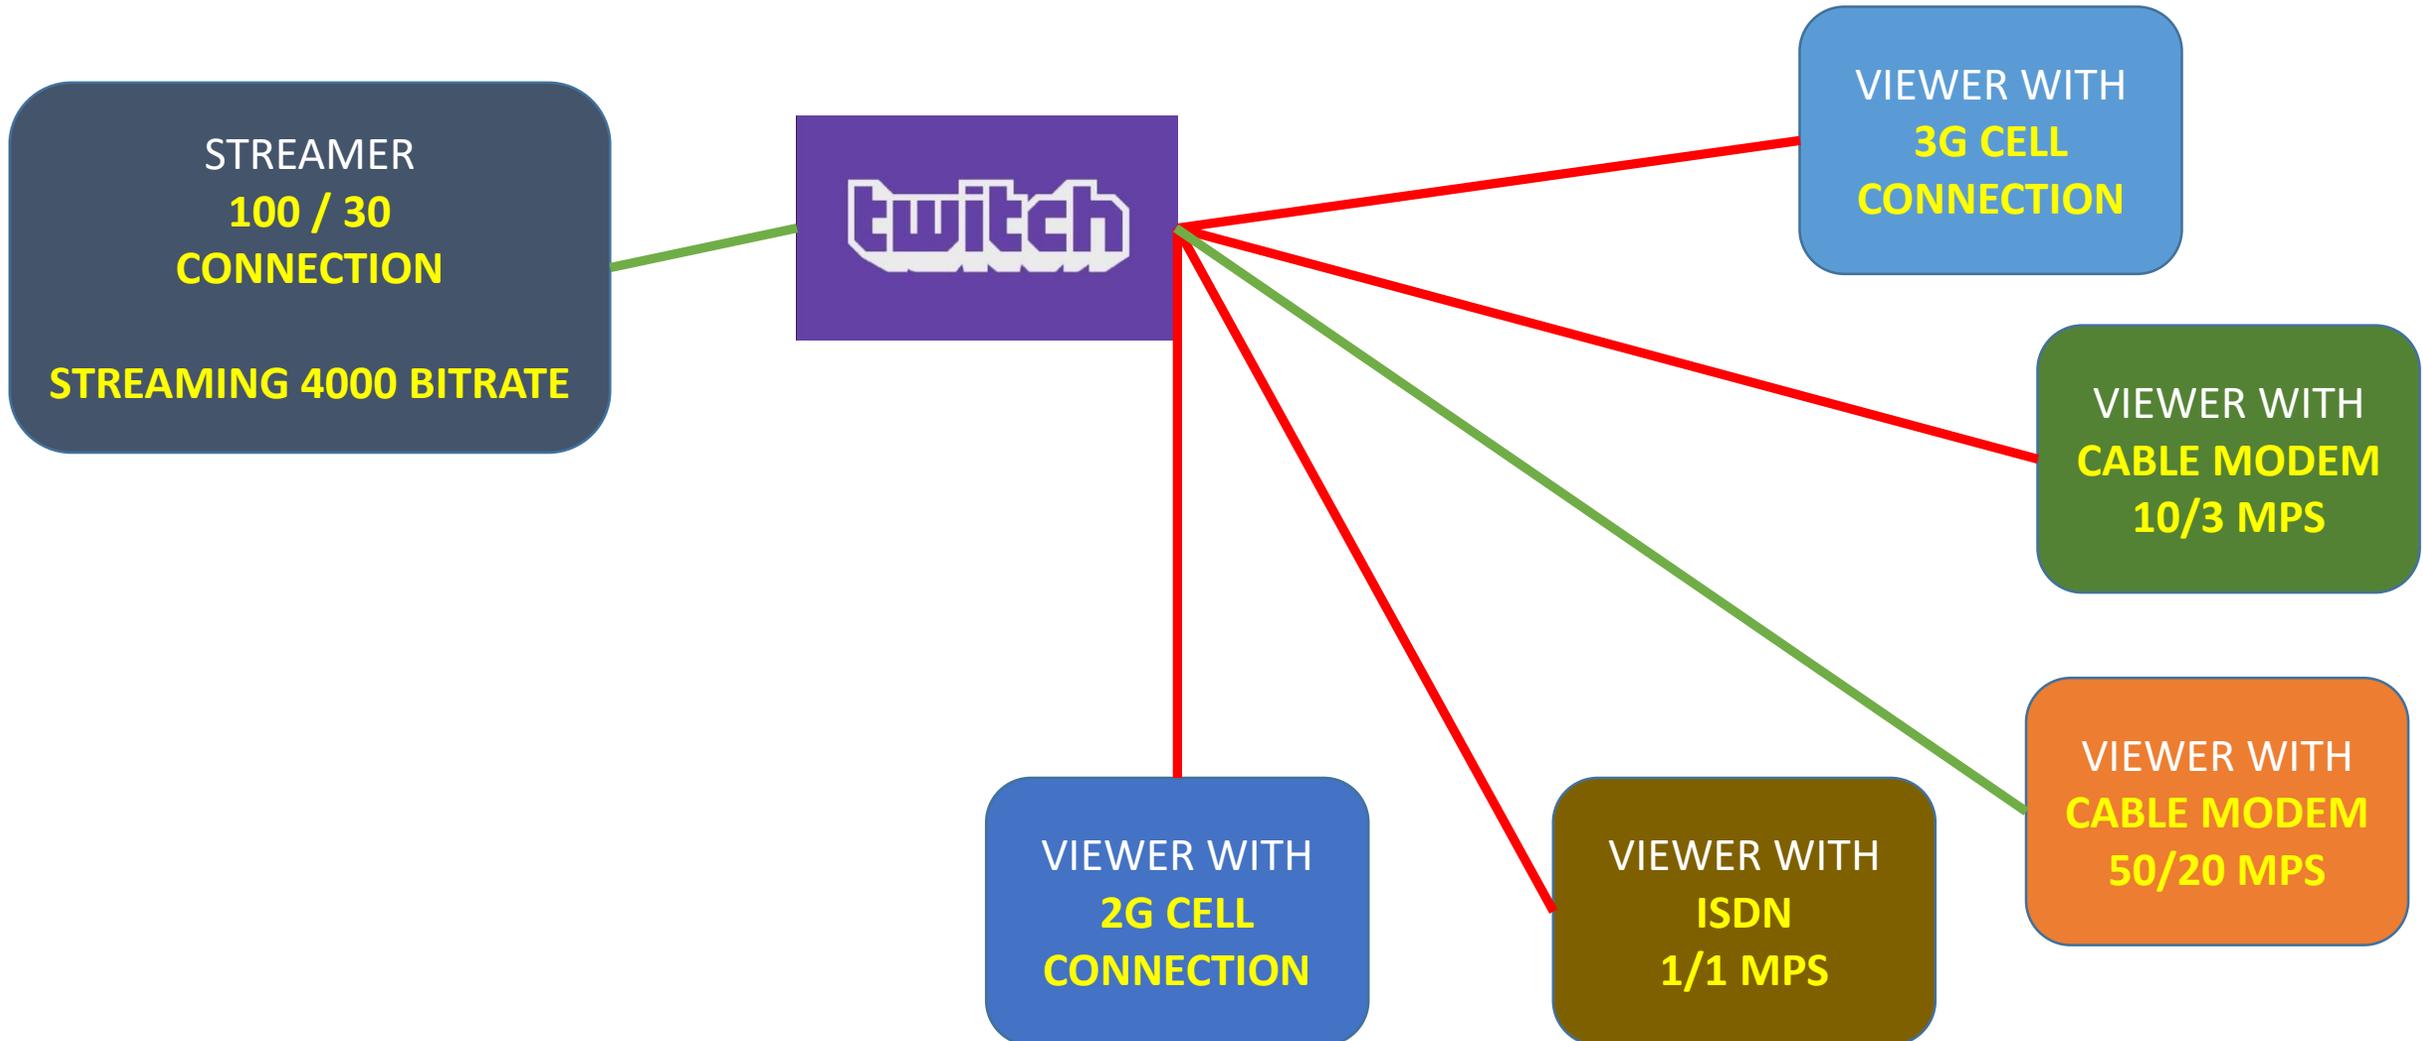

THIS IS WHY “PARTNERS” GET
TRANSCODING SERVICES

WHAT'S TRANSCODING – WHY SHOULD I CARE

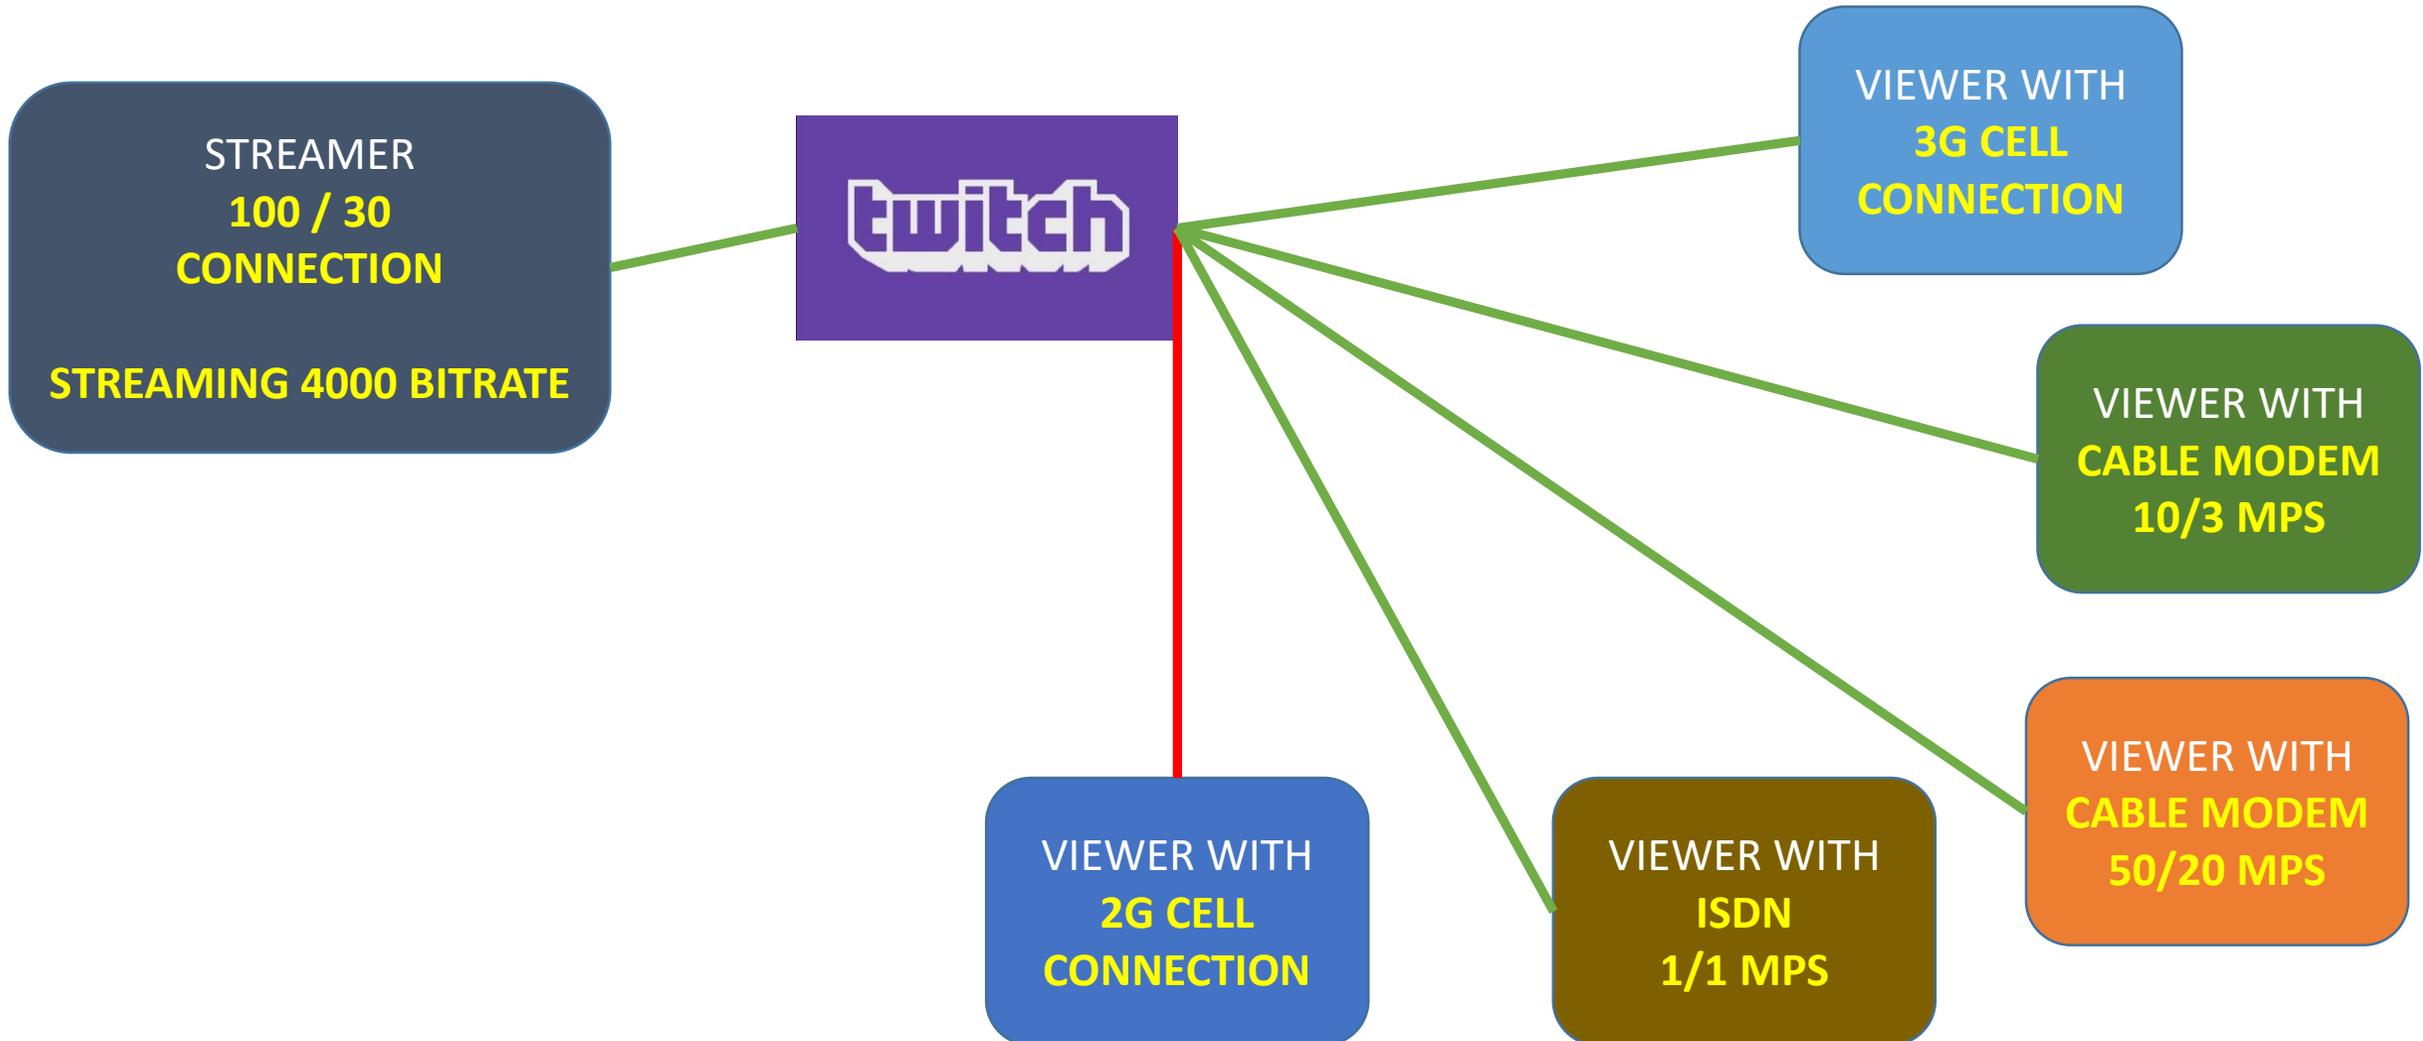

WHAT'S TRANSCODING – WHY SHOULD I CARE

STREAMING – 6000 BIT RATE W/1080P AND 60FPS

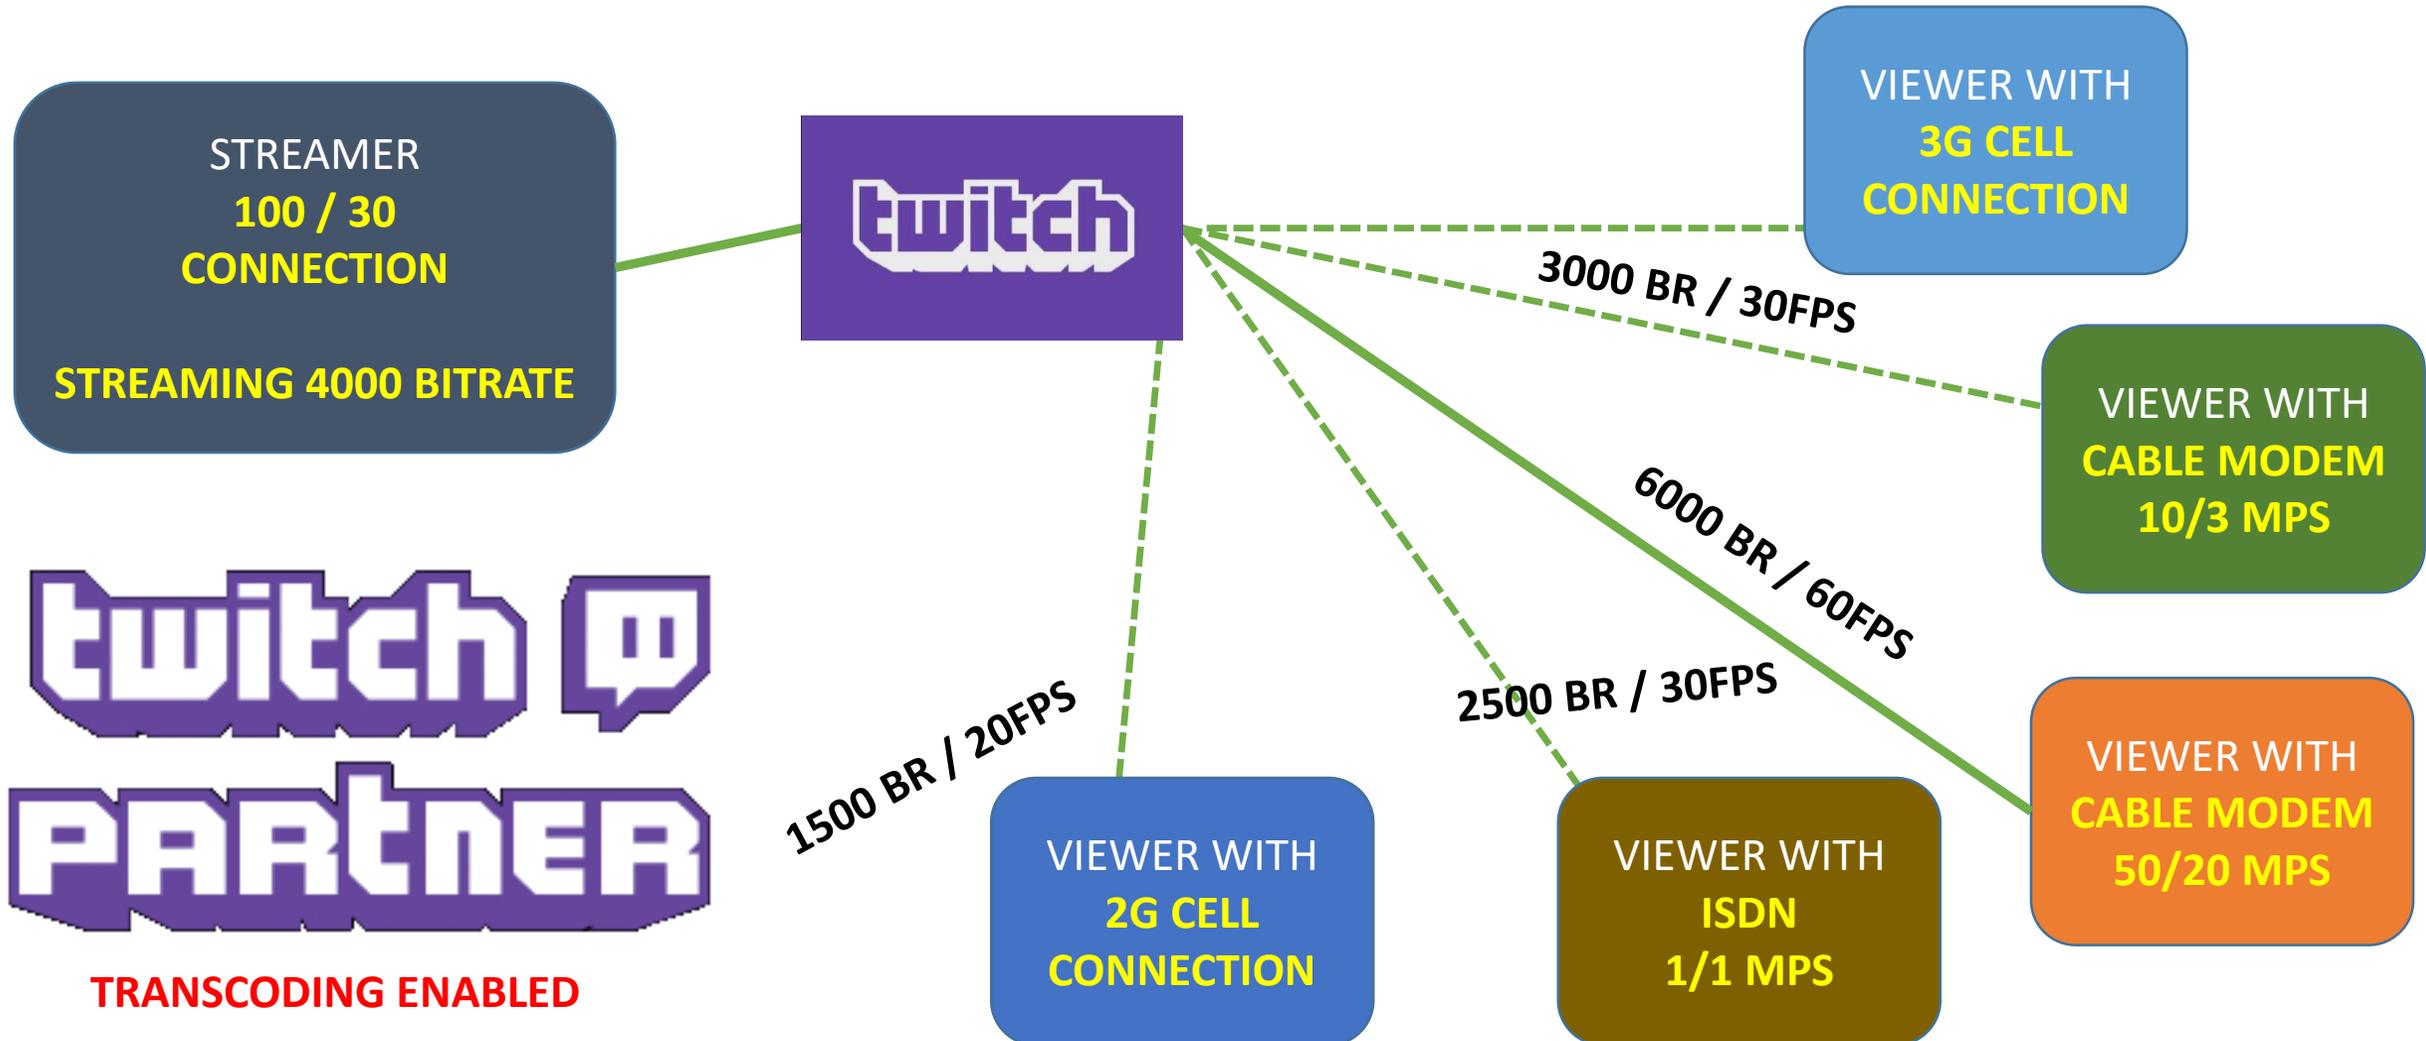

WHAT'S TRANSCODING – WHY SHOULD I CARE

STREAMING – 3000 BIT RATE W/1080P AND 30FPS

WHAT'S TRANSCODING – WHY SHOULD I CARE

STREAMING – 6000 BIT RATE W/1080P AND 60FPS

HOW DO YOU TEST YOUR STREAM WITHOUT STREAMING

USE THE TWITCH HEALTH INSPECTOR

The screenshot shows the Twitch Health Inspector interface. On the left is a sidebar with navigation icons for General, Stream, Output, Audio, Video, and Hotkeys. The main area shows 'Stream Type' set to 'Streaming Services' and 'Service' set to 'Twitch'. Below this is a 'Bitrate' graph showing a fluctuating line between 150 and 600 kbps. The graph includes statistics: Average: 340 kbps, Max: 506 kbps, Min: 188 kbps. The x-axis shows a time range from 03:59 PM on Apr 6 to 44 Min on Apr 6. At the bottom right of the settings area, there is a search bar containing '?bandwidthtest=true' and a 'Hide' button.

?bandwidthtest=true

ALERTS AND OVERLAYS EXPLAINED

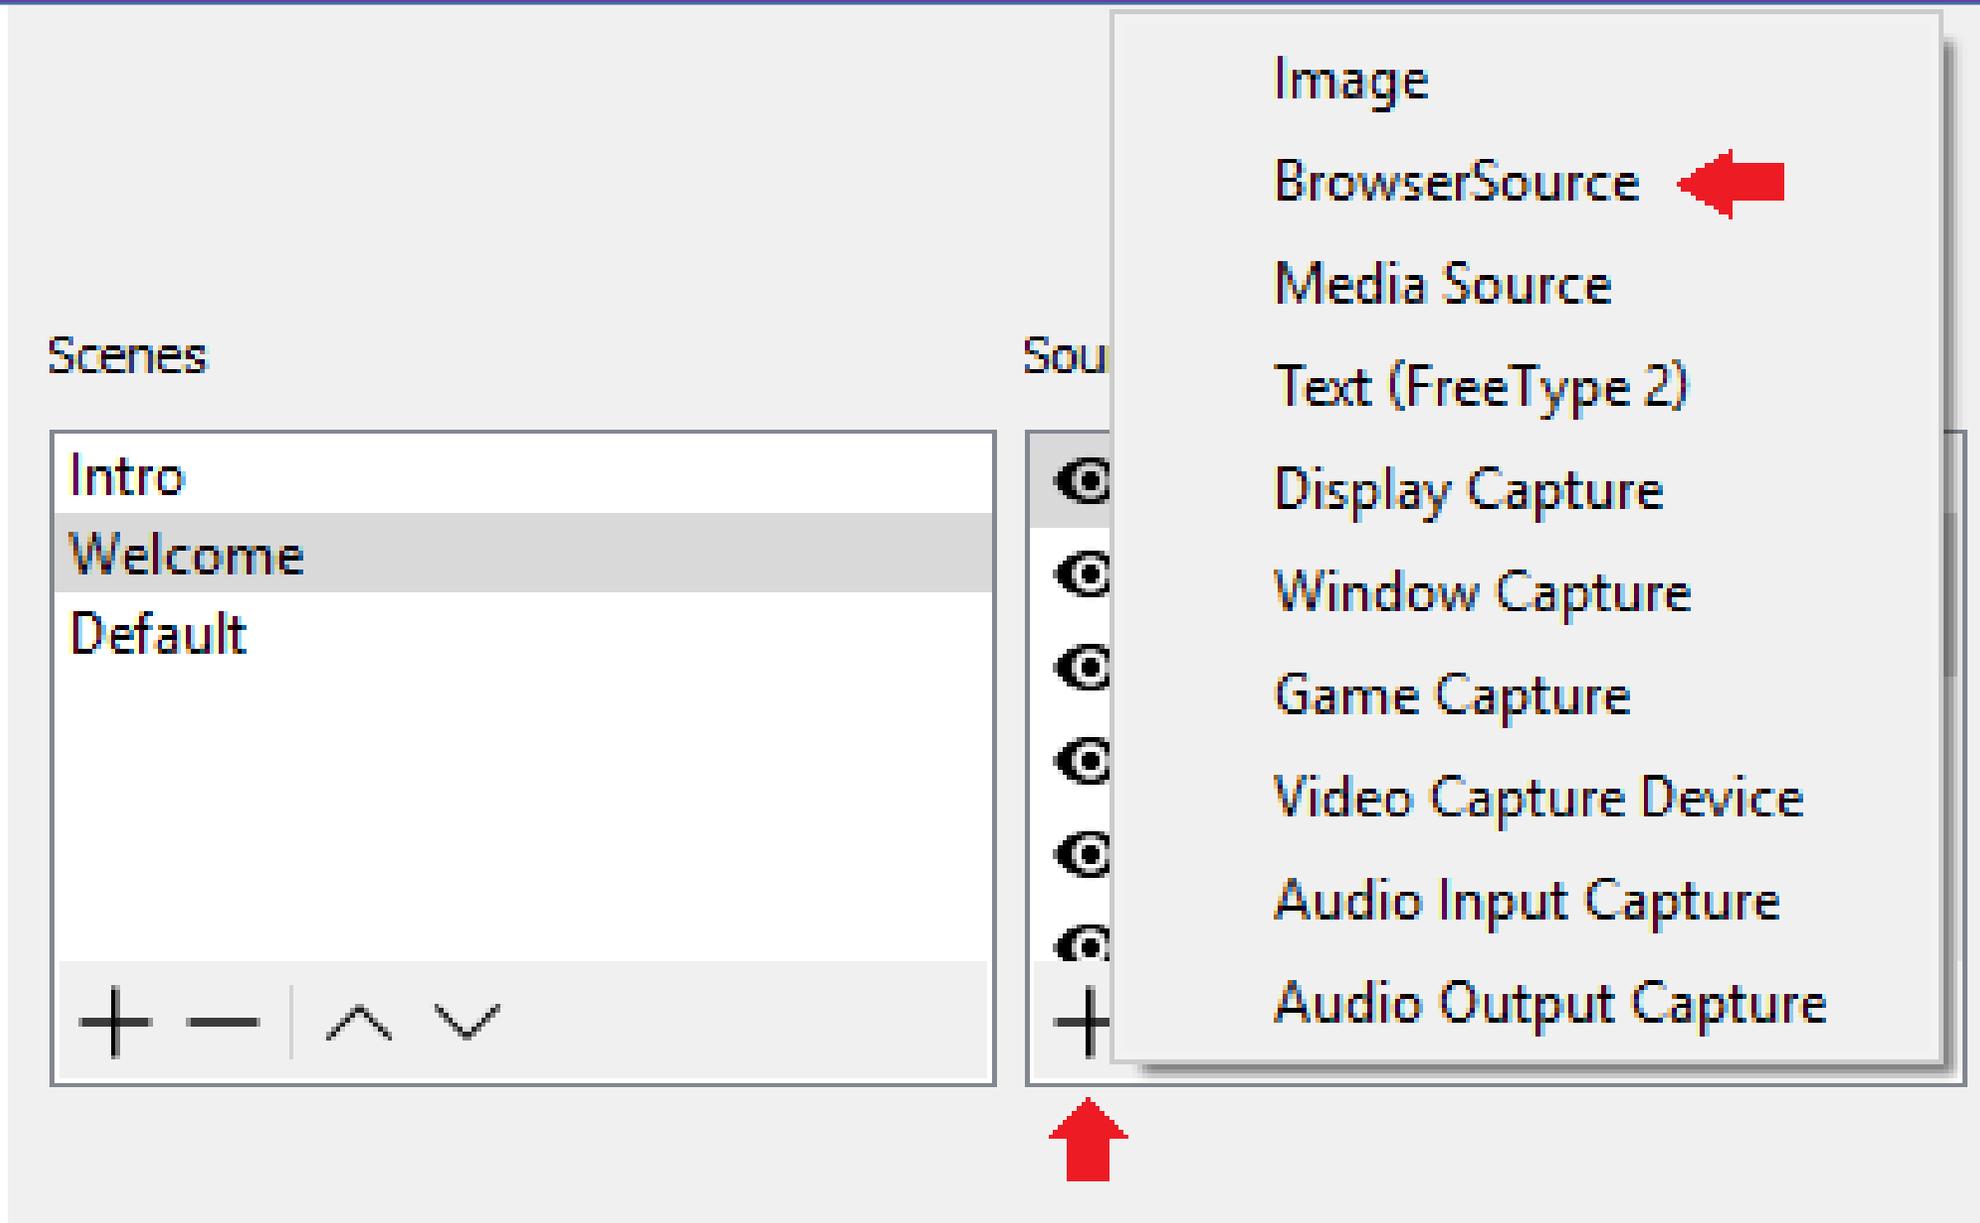

WHAT ARE OVERLAY AND ALERTS

The image shows a live stream of the game *Dead by Daylight*. The background is a blurred in-game scene. Overlaid on the stream are several elements:

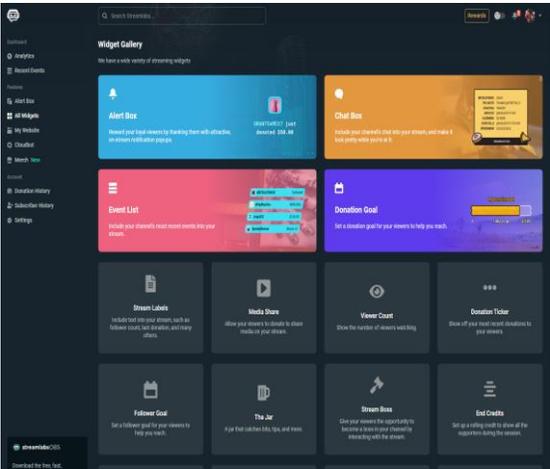

- Top Right Alerts:** A vertical list of four alerts with red icons: a Euro symbol (€) for a \$6 donation, an upward arrow for being hosted by Anonymous for 19 viewers, a checkmark for a subscription by Anonymous, and another upward arrow for being hosted by Anonymous for 33 viewers.
- Center Overlay:** A small square image of a two-prong electrical plug on a wall. Below it, a chat bubble contains the text: "Anonymous Doneaza \$10 ! 'take my moneeeey!!!"
- Bottom Left Progress Bar:** A red progress bar for the game *Dead by Daylight*, showing 60% completion and a goal of \$12 on \$20.
- Bottom Right Progress Bar:** A red progress bar for subscriber goals, showing 60% completion and a goal of 300 on 500 subscribers.

YOU CAN ADD A "BROWSER URL" AS A "SOURCE" IN OBS

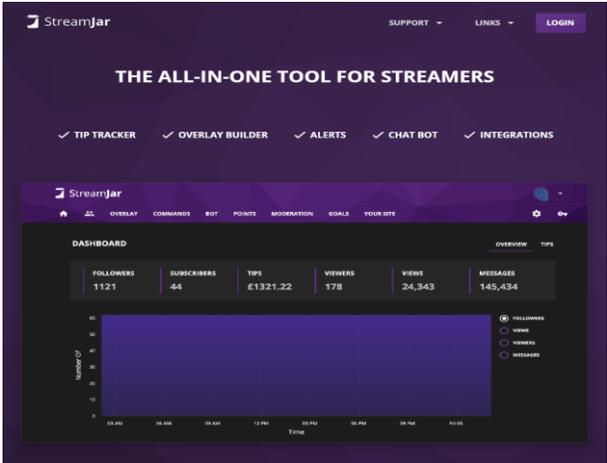

**I WANT ALERTS BUT I DON'T KNOW
HOW TO CODE A WEBSITE YET**

JUST USE AN ALERT AND OVERLAY PROVIDER

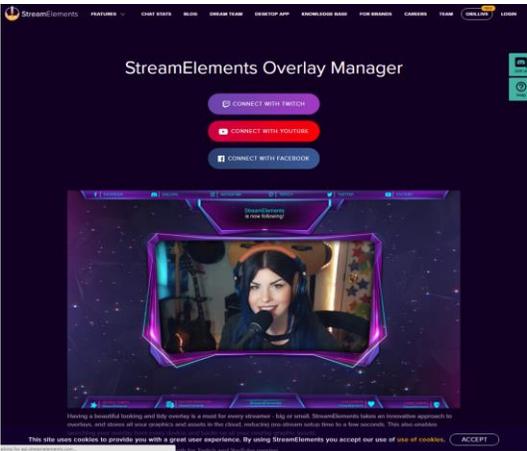

STREAM LABS

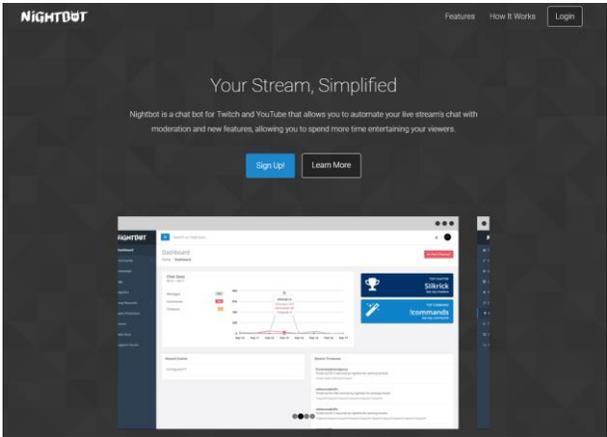

STREAM JAR

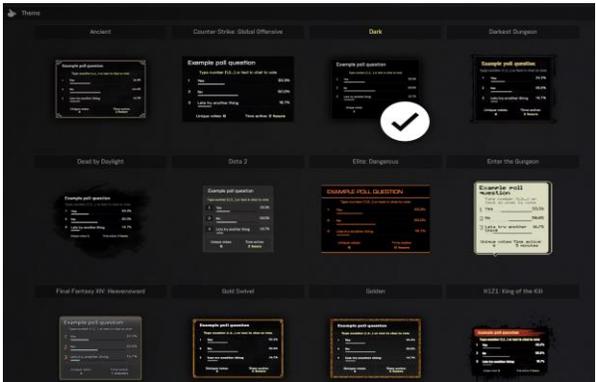

TIPEE STREAM

STREAM ELEMENTS

NIGHT BOT

POLL.MA.PE/DASHBOARD

THEY WORK USING NORMAL "CHROMA KEY" BUT ARE WEBSITES

The image shows a web-based interface for creating alerts. At the top, a navigation bar includes the logo "alertcreator", a breadcrumb "Cheers / Thanks - Goblin", a dropdown menu "CHEERS", and a "+" button. On the right side of the top bar, there are buttons for "Saved", "SIMULATE ALERTS", and "LAUNCH".

The main workspace is a large green rectangle, which is a chroma key background. A small red gear icon and the text "1 bits to infinite" are visible in the top right corner of this area. On the left side, there is a vertical "INSERT" sidebar with icons for image, text (A), audio, video, link, and effects (FX).

On the right side, there is a "SOUND" panel. It shows "Content" and "SOUND" sections. A play button and the filename "MARIO-COIN.MP3" are visible. Below that is a "VOLUME" slider.

At the bottom, there is a timeline with a playhead at "00:00". It features a red play button and a red stop button. Below the timeline, there are three "SOUND" tracks, each with a volume icon and a trash icon. The top track has a cyan bar extending from approximately 4:00 to 7:00. The bottom two tracks have grey bars.

In the bottom right corner of the green screen, there are three small circular icons (red, green, blue) and a resolution indicator "1920 x 1080px (77%)".

MANY STREAM ALERT SYSTEMS SIMPLIFY THE BUILD PROCESS

The screenshot displays a web interface for a stream alert system. On the left is a dark sidebar with navigation options: Dashboard, Donations & transfers, Settings, SceneCreator, Alert Box v2, King of the stream, Credits, Alert Box, Goals, Top & Last, Chat Box, Counters & Totals, Live Events, and Desktop Tool. The main area is titled "PROD - 10 Min Show Count Down" and features a large green rectangular widget with a white countdown timer showing "09 Minutes 48 Seconds... 00". To the right of the widget is a configuration panel with tabs for "CONTENT", "LAYOUT", and "THEMES". The "CONTENT" tab is active, showing settings for a "Countdown(time)" widget. These settings include: "TYPE" set to "Countdown(time)", "MESSAGE WHEN TIMER IS REACHED" (empty), "SOUND WHEN TIMER IS REACHED" (empty), "SOUND VOLUME" set to 0 on a slider from 0 to 100, "FORMAT TIME" set to "\$mn Minutes \$s Seconds... \$ms", "TIMER" set to 10, and "CHEERS (FOR 1 BIT) : X SECONDS ADDED" set to 1. Below the configuration is a "CURRENT SESSION" section showing "Started : Mar 11, 8:36" and an "EMBED LINK" section with a button to "Click to select your widget URL". A note at the bottom states: "This URL is personal, neither share nor display it on streams."

THEY APPEAR AS ANOTHER "VIDEO LAYER" INSIDE OBS

The image shows a screenshot of an OBS (Open Broadcaster Software) interface. At the top, there is a banner for "Sexyhackers.tu Network" with a logo of a character wearing a red mask and a crown. The banner text reads: "Join The Sexyhackers.tu Network", "Our friendly Moderator / Wizard SNARFaliou is here to help or hinder us, free to chat with him.", and "Help Us Become a Partner - Please Follow Us!". Below the banner, there are two main video areas. The left area is a smaller window titled "Snarf's Magical Bag of Holding" which contains two smaller video feeds. The right area is a larger video window. At the bottom, there is a video player control bar with a play button, a progress bar, and a volume icon. The video player shows a red progress bar and the text "55.10 / 2:14.14". To the right of the video player, there is a promotional message: "USE CODE 'NODICE' FOR 15% OFF SEXYHACKERS.CO". The entire interface is overlaid on a dark background with a decorative border.
